Local Residents

To whom it may concern

Dear Neighbour

RE: 744 Wick Lane and 46-52 Fairfield Road, Bow E3 2TE

As you are probably aware, we are currently carrying out the demolition of the existing buildings at the above addresses, in conjunction with our specialist demolition sub-contractor, Erith & Co.

We trust you will appreciate this operation is made difficult due to the close proximity of the adjacent railways. In normal circumstances the demolition of the buildings immediately adjacent to the railway tracks would have to be carried out when the trains were not operating i.e. between 2.00 and 4.00 am. This would be necessary but obviously undesirable to all parties and would have taken a considerable number of working night but would be compulsory. However, we have recently been informed by the Docklands Light Railway, the users of the nearest track, that they will in fact be shut down over the Easter Holiday due to essential engineering works between Bow Church and Pudding Lane. Following consultation and agreements reached with Network Rail, the Docklands Light Railway and the Environmental Department of the London Borough of Tower Hamlets, we will now carry out the demolition of the buildings nearest to the railway tracks during the days of the Easter Holiday. In order to complete the works they have been programmed for 8.00am to 8.00pm Friday 6th April to Monday 9th April inclusive. Our Site Manager over this period will be Mr Alan Cunningham whose mobile phone number is 07756982042.

This demolition will be carried out using reasonably quiet hydraulic crushers not the noisier pneumatic breakers. This we hope will cause the minimum of disturbance to you. Protective scaffolding and hoarding screens will also be erected for the duration of these works.

We sincerely hope you will share our view that we take this one and only opportunity to carry out the works during daytime rather than over numerous nights.

Yours faithfully
For and on behalf of
ALLENBUILD LIMITED
